INDUSTRIAL LINEAR POLARIZED

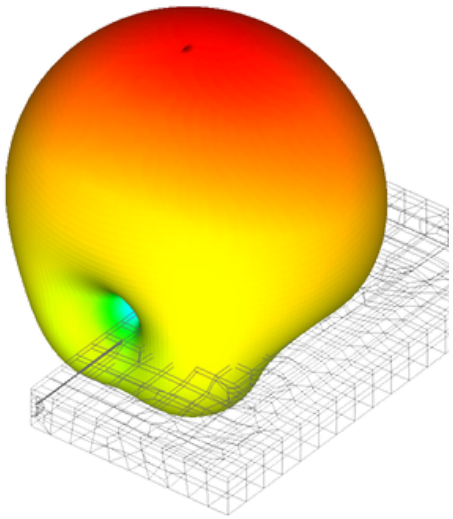
Product Overview

- Industrial Linear Antennas deliver pinpoint accuracy in constrained environments
- Offers best-in-class tag read performance
- Seamless integration with all leading UHF RAIN RFID readers
- Install individual units or combine multiple units as needed
- Part Number: **50001020**

Key Features

- Focused Linear Beam
- Zone Control
- Compatible with any RFID Reader
- Compatible with 100x100 VESA mounts
- Engineered with durable components

Radiation Pattern



SPECIFICATIONS
Dimensions: 10.0” x 10.0” x 1.0”
Weight: 2 lbs (per unit)
Temperature Range: -13°F to 158°F (-25°C to 70°C)
Frequency Range: FCC 902-928 MHz, ETSI 865-868 MHz
Gain: 8.5 dbi (FCC) / 7.5 dbi (ETSI)
Beam Width: 60 Degrees
Maximum Input Power: 10 Watts
Connector: RP-TNC Female Type
Polarization: Linear Polarized
